## BIENVENIDO A UN MUNDO APARTE

Las Colinas Golf & Country Club es una exclusiva comunidad residencial, con baja densidad de viviendas, articulada alrededor de un campo de golf championship de 18 hoyos.

Con un privilegiado emplazamiento próximo a la costa, en un valle entre colinas al sur de Alicante, incluye una completa oferta deportiva, de ocio, alojamiento y restauración entre la cual destaca, además del campo de golf, un Beach Club privado en primera línea de playa frente al mar.

Desde su apertura, en el verano de 2010, ha alcanzado una prestigiosa reputación internacional por el diseño de sus viviendas, los altos estándares de calidad de sus servicios e instalaciones, la preservación del entorno natural y la excelencia de su campo de golf, posicionado entre los 100 mejores de Europa continental según la revista británica Golf World y ganador del premio "Mejor Campo de Golf de España" en los World Golf Awards de 2015 y 2016. Además, Las Colinas Golf & Country Club fue galardonado como el Mejor Golf Resort en 2014, en los International Hotel & Property Awards, el complejo también ha sido reconocido en los World Travel Awards con el título de Resort de Villas Líder de Europa en 2017, así como Resort de Villas Líder de España en 2015, 2016 y 2017.

Las Colinas Golf & Country Club sobresale por su privacidad, su belleza natural, un clima excepcional, las magníficas comunicaciones por avión, tren y carretera, y su respeto por el medioambiente. Tanto las infraestructuras, como sus viviendas, el campo de golf y el resto de instalaciones se integran cuidadosamente en el entorno.

En Las Colinas Golf & Country Club se apuesta por un desarrollo de alta calidad sostenible a largo plazo. Así, de las casi 6.000 viviendas permitidas por el Plan General de Ordenación Urbana del Municipio, tan solo se construirán unas 1.600, menos de 5 por hectárea.

## WELCOME TO A WORLD APART

Las Colinas Golf & Country Club is a 330-hectare exclusive residential community on the Spanish Mediterranean coast, with a low housing density and built around an 18-hole championship golf course.

Enjoying a privileged location near the coast, nestled in a valley surrounded by hills to the south of Alicante, it offers wide-ranging sports, leisure, accommodation and restaurant amenities, including, apart from the excellent golf course, a private Beach Club on the seafront.

Since the resort opened in the summer of 2010, it has gained a prestigious international reputation for the superb design of its homes, high quality standards of its services and amenities, conservation of the natural surroundings and the excellence of its golf course, ranked in the Top 100 courses in Continental Europe by British Golf World magazine and winner of "Spain's Best Golf Course" in the 2015 and 2016 World Golf Awards. Las Colinas Golf & Country Club won the "Best Golf Resort" award in the 2014 International Hotel & Property Awards, the resort has also been named "Europe's Leading Villa Resort" in the 2017 World Travel Awards as well as "Spain's Leading Villa Resort" in the 2015, 2016 and 2017 World Travel Awards.

Las Colinas Golf & Country Club stands out for its privacy, natural beauty, exceptional climate, extremely good connections by road, train and air and conservation of the natural surroundings. Its homes, amenities, infrastructures and the golf course itself all blend perfectly into the landscape.

Las Colinas Golf & Country Club, focuses on long-term, high quality, sustainable development. Hence, out of the nearly 6,000 homes that could be built under the Local Town Planning Plan, it plans to build about 1,600; fewer than 5 per hectare.

## UN MUNDO APARTE PARA VIVIR LA NATURALEZA

- **Máxima privacidad y seguridad:** Las Colinas Golf & Country Club ocupa un valle de 330 hectáreas entre colinas suficientemente altas para formar una barrera natural, que asegura la privacidad del desarrollo y de la comunidad. Cuenta con un acceso único dotado de servicio de seguridad 24h.
- **La especial sensación al llegar:** Proporcionada por el cañón de entrada al Golf & Country Club, que se abre camino entre colinas flanqueadas por palmeras y permite descubrir, al final de su recorrido, un hermoso valle por el que discurre el campo de golf. El cañón de entrada es un elemento que resguarda a Las Colinas del mundo exterior y preserva su tranquilidad, intimidad y belleza natural.
- **Una isla rodeada por un Parque Natural de bosque mediterráneo:** Las Colinas Golf & Country Club está rodeado por más de 10.000 hectáreas de Parque Natural cuya especial protección limita cualquier posibilidad de desarrollo residencial futuro.
- **Zonas naturales con vegetación mediterránea:** Se han preservado más de 200.000 m<sup>2</sup> de espacios naturales y senderos paisajísticos con vegetación mediterránea autóctona.
- **Un plan de Medidas de Protección Medioambiental vinculante:** El desarrollo contempla un exhaustivo Plan de Medidas de Desarrollo Sostenible y Protección Medioambiental elaborado por la Universidad Politécnica de Valencia. Dicho plan incluye, entre otras medidas, bajos niveles de contaminación acústica y lumínica, así como la utilización de arbolado y especies autóctonas en el ajardinamiento de la urbanización, zonas comunes y privativas.

## A WORLD APART FOR EXPERIENCING NATURE

- **Maximum privacy and security:** Las Colinas Golf & Country Club is located in a 330-hectare valley, framed by hills that form a natural barrier and ensure the development is secluded. A single two-way access road, with 24 h security service.
- **Unique sense of arrival:** Provided by a single entrance to Las Colinas through a canyon that opens out into a hidden valley along which the golf course runs. The canyon is the feature that preserves the intimacy, tranquillity and natural beauty of Las Colinas.
- **Las Colinas Golf & Country Club is surrounded by a Nature Reserve** comprising more than 10,000 hectares of protected land, which restricts any further residential development.
- **Mediterranean vegetation:** More than 200,000 sq metres of natural space within the development. Mediterranean vegetation has been preserved with trees and indigenous species used in gardens and landscaping throughout the complex.
- **A binding Environmental Protection Measures Plan:** This includes a rigorous Sustainable Development and Environmental Protection Plan drawn up by Valencia Polytechnic University. Among other measures, this plan stipulates low levels of noise and light pollution, as well as the use of wooded areas and native plant species in the landscape gardening for the residential community, common and private areas.
